MEMORANDUM

TO: All Schools and Facilities with OHSET Teams

FROM: Candi Bothum, State Chair & the State Board

A handwritten signature in black ink, appearing to be 'CB', is written over the printed name 'Candi Bothum'.

Enclosed you will find COVID related guidelines developed in addition to any protocols your school and the state governance may require. These are guidelines to help us keep athletes, families, and others safe and healthy and are specific to the operations that happen at practices and meets.

We are asking you to please review and let us know if you would like to see any additions or changes to this document. Our goal is to share expectations specific to OHSET and remind our participants that in order to have an OHSET season, following all protocols and guidelines is critically important.

Of course, we also recognize OHSET may not be possible this year or that while practice may be allowed in some cases, competition is not. We are planning and communicating all possibilities. With this said, we also want to be prepared if a season is possible.

Would you please take a few moments to review, or hand-off to the appropriate person to review, then simply drop us a quick email letting us know you reviewed and any changes or additions you would like to include. We know times are crazy for schools and staff right now, we respect your effort very much, we just want to be sure we have made every effort to help get highschool athletes engaged in their chosen sport as soon as it is possible. Thank you in advance for your time.

All replies should be sent to: cbothum@ohset.com or your district chair if you prefer.
